To: John Laurence, United States Forest Service, Wallowa Whitman National Forest Supervisor

The Wallowa Board of Commissioners on this date August 18<sup>th</sup> 2014, are requiring coordination with county/local land use and management plans with the United States Forest Service during the revision of the Blue Mountain Forest Service Plan. We, acting as a county government enter into coordination with the United States Forest Service pursuant to 42 U.S.C. 4231 and Presidential Order 12372, which require the Federal agencies to coordinate actions and projects with local governments so that local impacts arising from federal projects may be identified.

We the Wallowa County Board of Commissioners, in our official capacity, invite the Wallowa-Whitman National Forest Supervisor John Laurence to attend the initial meeting of the Wallowa County Land Use Coordination Committee in order to be notified of Wallowa County's decision to enter into coordination with the United States Forest Service on the revision of the Blue Mountain Forest Plan.

Sincerely
